## Never Too Early to Think about the Next Meeting!

To ensure Academic Internal Medicine Week 2008 has the best speakers and includes the most relevant topics, planning for the meetings will begin in November 2007.

Interested in serving on a program planning committee? Willing to suggest (or contact) an excellent speaker? Have ideas for plenary sessions? Please contact the AAIM Educational Programs Team at [educationalprograms@im.org](mailto:educationalprograms@im.org) or (202) 861-9351 to share your comments and opinions.

The call for workshops and call for abstracts will be available in spring 2008. (Don't forget that the meetings overlap slightly with the 2008 Association of American Medical Colleges Annual Meeting.) Encourage your colleagues to plan to share their research, best practices, and educational innovations with more than 1,000 participants at Academic Internal Medicine Week 2008.

**Registration for Academic Internal Medicine Week 2008 will open July 1**
